Captain Hawes of the 14th Company, Coast Artillery will take sixty fines with him this year to guard the course. This is nearly double the number which did such excellent work last year. There will also be a large force of Easton constables and deputies. Milities will be transported to the hill in three large busses, leaving the armory at 6 a. m. next Monday morning. The soldiers will give a guard mount as soon as they arrive and will be distributed on the course to the best advantage. A big crowd is expected and the press of the course clear in order that there may be no accident. The Automobile club has made a good record in this respect so far and it is anxious to continue. There will be only one program containing the names of the contestants in each class and this is the official program published by the Press Club of Bridgeport and which will be sold only at Sport Hill the day of the event.
